

Exmoor Coast 55km- 3rd October 2020

Overview

The route starts in Combe Martin, and heads east to finish in Minehead, at the official South West Coast Path start/finish marker. This completes a full traverse of the Exmoor Coast.

The route is approximately 55km and almost entirely off road. It is generally well marked, as it follows the South West Coast Path.

This event should not be underestimated, as it is a tough section of coast! As with all Climb South West events, you will be supported by our team of qualified Mountain Leaders with extensive experience and local knowledge of the North Devon and Exmoor Coasts. They will also provide first aid cover at key points along the route, with sweepers on the course in between.

Food and Drink

There will be checkpoints at two locations where food and drink will be available. This isn't a fully catered event but we will have a range of drinks and snacks available to supplement whatever you bring with you. Please see the table below.

Support Crew and drop bags

We encourage the use of support crews at this event. They can meet you as often as you like but please take care on the roads and park responsibly. **We ask that support crews do not visit our checkpoints unless it's an emergency.** At this very sensitive time, we must keep crowds to an absolute minimum. Groups should be smaller than 6 at all times.

Unfortunately, due to the guidance around Covid 19, we can't offer a drop bag service.

Map

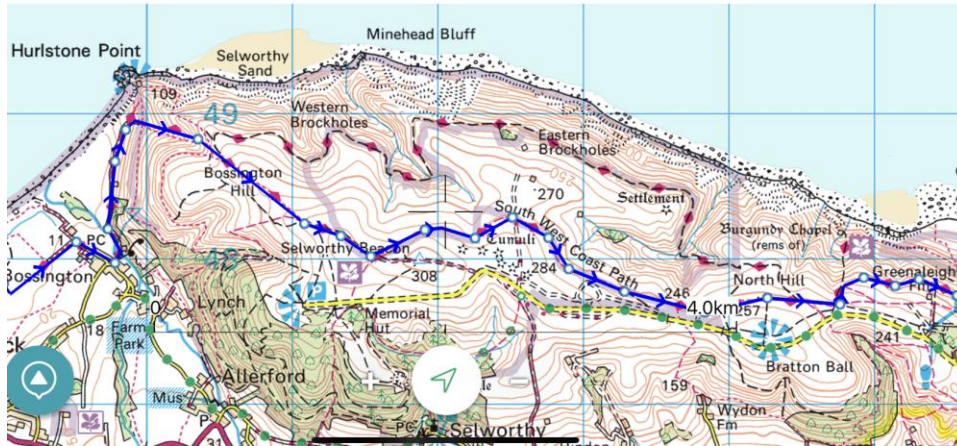

Most of the route follows the South West Coast Path, with navigation being reasonably simple. It is generally well marked with South West Coast Path signs with an acorn symbol.

The South West Coast Path should be followed as closely as possible without attempting to shorten the route. The only exceptions are below.

Between Woody Bay and Lee Abbey, you can continue on the road with care to avoid section at Crock Point.

After Bossington Hill, take the high level “South West Coast Path” not the “Rugged coast path”. Continue following signs for “Minehead via Coast Path”.

The route can be viewed in detail on ViewRanger. If you'd like a more detailed map, we'd recommend 1:25,000 OL 9 Exmoor.

The full Exmoor Coast 55km route can be found on ViewRanger:

<https://my.viewranger.com/route/details/MjAwNDE1Ng==>

The Viewranger app is well worth downloading, turning your Smartphone into a GPS device. Once you have downloaded the route, the app will continue to work without the need for mobile reception. It is possible to download the route "without purchasing premium map" as the basic one works fine. You can however choose to download an OS version. This app is particularly useful if you need to pinpoint your exact location at any time. See example below.

(Currently off route but heading in correct direction to reconnect with intended path)

Avoid using the “start route/follow route” feature as this will drain your battery.

If you'd like to learn more about navigation, we can tailor our navigation workshops for individuals or groups of walkers / runners. These are available at any time of year and they are suitable for beginners through to more advanced skills for mountainous areas.

Parking and coach arrangements

Transport to the start - Before the event

There is ample, unrestricted free roadside parking in Minehead, near the event finish line. This will be at the South West Coast Path marker, **near The Quay Inn, TA24 5UJ**. Lots of parking options, south and west from here. Please allow plenty of time to park your car.
