

North Coast 110 Miles - 2nd October 2020

Overview

The North Coast 110 Mile Ultra takes on the true North Coast of the South West peninsula. We believe that this is our toughest event yet. With nearly 6,000m elevation gain, and 12 hours of darkness, the inaugural North Coast 110 mile ultra, promises to be a brutal adventure of epic proportions.

The route is approximately 110 miles and almost entirely off road. It is generally well marked, as it follows the South West Coast Path. There will however be additional event markers to keep you on track where the route is less clear.

This event should not be underestimated, as it is a tough section of coast! As with all Climb South West events, you will be supported by our team of qualified Mountain Leaders with extensive experience and local knowledge of the North Devon and Exmoor Coasts. They will also provide first aid cover at key points along the route, with sweepers on the course in between.

Food and Drink

There will be checkpoints at six locations where food and drink will be available. This isn't a fully catered event but we will have a range of drinks and snacks available to supplement whatever you bring with you. You'll need to be self-sufficient for stages of up to 32km (20 miles) in between checkpoints. Please see the table below (menu will be confirmed the week before).

Support Crew and drop bags

We encourage the use of support crews at this event but no pacers on the course with you. Crew will not be able to enter any of the indoor checkpoints this year due to Covid 19. For anyone joining us without a support crew, we can take a small drop bag to Barnstaple for you and move it again to the finish.

Map

Most of the route follows the South West Coast Path, with navigation being reasonably simple. The route can be viewed in detail on ViewRanger or Strava below (this is also available to download from our website as a PDF). If you'd like a more detailed map, we'd recommend 1:25,000 OL 9 Exmoor.

The full North Coast 110 mile route can be found on ViewRanger:

<https://my.viewranger.com/route/details/Mjg4NTYwMA==>

The Viewranger app is well worth downloading turning your Smartphone into a GPS device. Once you have downloaded the route, the app will continue to work without the need for mobile reception. It is possible to download the route "without purchasing premium map" as the basic one works fine. You can however choose to download an OS version. This app is particularly useful if you need to pinpoint your exact location at any time.

If you'd like to learn more about navigation, we can tailor our navigation workshops for individuals or groups of walkers / runners. These are available at any time of year and they are suitable for beginners through to more advanced skills for mountainous areas.

Your safety

We have arranged for a minibus to be used for safety cover at this event. It can take you forwards to the next checkpoint. Please make sure that you are well rested before continuing your journey home, or possibly stay overnight.

COVID 19

Please don't come to the event if you or any other member of your household have recently experienced any of the symptoms associated with Covid 19. This would also be the case if you

had recently had close contact with someone with Covid 19 or similar symptoms. See <https://www.gov.uk/coronavirus> for specific guidance.

We will maintain a minimum of 2m social distancing at registration and checkpoints. Please continue to do the same out on the course with anyone who isn't part of your immediate group. There will be hand sanitiser at registration and checkpoints for your use. Please bring a face covering for any situations where the 2m rule can't be maintained.
