

Dartmoor Winter Traverse – 26th February 2022

Overview

Start your new year with a big dose of winter; walk or run across Dartmoor. Our event is a fully guided 50 km journey from South to North, through some of the most remote parts of the moors. We also have a 30 km option from Princetown to Meldon.

The Winter Traverse is not your everyday walk on Dartmoor; it is definite step up from our Dartmoor in a Day challenge held in September and uses a separate line. The route passes Red Lake and the sources of the rivers Erme and Plym, (don't expect to keep your feet dry!) After a welcome break in Princetown, you will continue to some wild locations on the North Moor including: Roos Tor, Tavy Cleave and Chat Tor. From here, the route picks up the Rattlebrook dismantled railway before descending to the finish in Meldon.

Weather is always a factor on Dartmoor but even more so in February; there is also the small number of daylight hours to consider and difficult terrain underfoot. It can be bitterly cold with snow or heavy rain.

The route is mainly across wild areas of open moor without any markers.

As this is a challenge event rather than a race, cut off times at our final checkpoint will be very generous (4:30pm at Lane End car park SX537823). Transport to the end of the event will be available if anyone doesn't manage to complete the distance.

The route is approximately 50 km (30 miles) and almost entirely off road. The 30 km walk option is achievable by anyone with a good level of walking fitness but the 50 km should not be underestimated!

You will be thoroughly looked after by the team at Climb South West, and remember it is a challenge event rather than a race so run or walk at a pace that suits you. Our team of qualified Mountain Leaders and other support staff will be out on the course. You can choose to run or walk with them or go at your own pace. They will be regularly spaced throughout the field of participants and will provide first aid cover for this event.

Refreshments

For people on the 50km there will be complimentary hot drinks and soup/rolls at Princetown Community Centre. There will be a further aid station/checkpoint for all participants at Lane End car park SX537823. Water, hot drinks, our legendary homemade cakes and other snacks will be available here. There will also be a hot pasty (meat/veggie/vegan options) and a hot drink for you at the end of your challenge at Meldon village hall.

The route

Dartmoor National Park Authority have changed their position on the use of wire flag markers. From August 2021, wire flag markers and tape are no longer permitted for use on the moor. For this reason, in 2022 and future events, this will continue as an unmarked challenge. Our team of guides will be spread out amongst you, offering support with navigation to the fastest runners right through to the slowest walkers.

There is a link to the route on Outdoor Active on our website. The app is free and easy to use on your smartphone. We recommend using this alongside OL 28 Dartmoor (1:25,000) or BMC Dartmoor (1:40,000) maps. For those that would like to use a GPS, you should be able to download the GPX file and use it on your device.

The ability to navigate isn't essential for this event and you are welcome to stay with our guides for the whole journey. If you would like to learn some basic navigational skills or brush up on existing ones, please get in touch at info@climbsouthwest.com. We can tailor our navigation workshops for individuals or groups of walkers / runners from beginners through to advanced skills for mountainous areas.

Parking and coach arrangements
