

East Devon 8 and 5 Trigs

12th November 2022

Thanks for joining us for the third edition of the East Devon 8 Trigs or the shorter 5 Trigs. Please familiarise yourself with the information below, so that you know what to expect on the day.

SO, WHAT'S INVOLVED?

Trigpoints are the common name for “triangulation pillars”. These are concrete pillars, about 4’ tall, which were used by the Ordnance Survey in order to determine the exact shape of the country. They are generally located on the highest bit of ground in the area, so that there is a direct line of sight from one to the next. By sitting a theodolite (an accurate protractor built into a telescope) on the top of the pillar, accurate angles between pairs of nearby trigpoints could be measured. This process is called “triangulation”.

OUR EVENT

Eight of these trig points sit on a beautifully varied trail loop in East Devon. The route starts on Budleigh Salterton seafront and follows the South West Coast Path to West Down Beacon. Far reaching views from here extend to Berry Head, Portland and Dartmoor. From here, both 5 and 8 Trig routes head inland and cross Woodbury Common, passing 3 trigs on the way. The routes split at Harpford with the 5 Trigs route crossing Mutter’s Moor and on to High Peak. The 8 Trigs route continues to Harford Common and the Sid Valley, before reaching the South West Coast Path again at Weston Cliff. From here, the route climbs multiple hills as it passes through Sidmouth before joining the 5 Trigs at High Peak. A stunning section of coastline with rolling hills leads back to Budleigh Salterton.

THE ROUTE

All trig points can be found without the need for complicated navigation techniques. However, a basic understanding of navigation will be required as the routes aren't way marked. Total distance for the 8 Trigs is approximately 33 miles.

The shorter 5 trigs route avoids the biggest hills on the Eastern part of the course. A total distance of just over 21 miles.

Both routes are available on Outdoor Active and a GPX file can also be downloaded. If you prefer a traditional map, Explorer 115 (Exmouth and Sidmouth) covers the whole route. This is a self-navigation event and the routes are simply the recommended way to go. **If you plan to take any variations, please observe the following:**

- Please stick to public rights of way between trigs and checkpoints
- Avoid roads as much as possible
- After CP2 (5 Trigs and 8 Trigs), please follow East Devon Way towards Harpford, using Harpford footbridge to cross the river Otter. 5 Trigs, please cross the A3052 WITH EXTREME CARE to continue towards Mutter's Moor.
- Do not climb over any gates or fences or attempt to cross private land. There is a stile on the coast path that provides access to Weston trig (8 Trigs). Return by the same route.
- Buckton Trig is currently inaccessible, with new "Private Property" signs. DO NOT attempt to reach the trig, use the wooden sign post at SY148909
- Please use the South West Coast Path when returning to Budleigh from West Down Beacon.

THE TRIG POINTS

West Down Beacon - SY045811

Black Hill - SY026854

Woodbury - SY039881

Aylesbeare - SY 055900

Beacon Hill - SY111909 (8 trigs only)

Buckton Hill - SY148908 (8 trigs only) THIS IS CURRENTLY INACCESSIBLE, please use wooden signpost on bridleway as alternative SY148909

Weston Cliff - SY170882 (8 trigs only)

High Peak - SY103859

Route will be clockwise for 2022. Everyone will start with West Down Beacon and pass High Peak on the return to Budleigh.

REGISTRATION AND START:

Registration will be at Lime Kiln car park in Budleigh Salterton, EX9 6JD

We'll have staggered registration/start times for this event. You'll collect your race numbers here. Each group should present themselves at registration during the time slot below and we'll give you a start time.

8-8:30am 8 Trig walk

8:30-9am 8 Trig run

9-9:30am 5 Trig walk

9:30-10am 5 Trig run

Your finishing position will be based on your time out on the course. Finish times and positions will be posted on our website.

MANDATORY KIT LIST

Base layer

Trail shoes / walking boots

Waterproof / windproof jacket

Mobile phone with event number saved (07966654867)

Rucksack, waist pack, race vest or similar

Hydration system (bladder or bottles, min capacity 1ltr)

Survival bag / space blanket

Basic first aid kit (min 1 x wound dressing and selection of blister plasters)

Headwear (eg, cap or buff)
